

VIEW FROM THE TOP

In today's complex supply-chain environment you cannot leave your time-sensitive, high value freight to just any provider. That is why more customers turn to Panther Expedited Services to solve their most difficult transportation problems.

Panther Expedited Services is the largest independent provider of premium logistics solutions in North America. We offer door-to-door ground expedite and air freight services to and from anywhere in the United States, Canada, and Mexico.

Our technology, network strength, and world-class customer service have resulted in millions of dollars in cost-savings, industry leading service levels, and numerous industry awards. Our easy to use web-based quoting, booking, and tracking platform works in conjunction with our 24/7/365 customer service centers to provide real-time visibility into your supply-chain.

With over 1,600 unscheduled exclusive use vehicles, Panther operates the largest and most diverse ground expedite fleet in North America. More than just cargo vans, straight trucks, and tractor trailers, our fleet includes flat-bed, step-deck, temperature-

controlled, temperature-validated, and secret-cleared equipment. And because our entire fleet is equipped with Qualcomm satellite tracking, we can electronically dispatch the "right" truck in 90 seconds with pick-up in less than 90 minutes. Finally, you can track your shipment down to the street level

Panther is able to optimize freight by mode, carrier and delivery to ensure the highest service-to-cost ratio in the industry. We stand alone in our ability to provide the most cost effective transportation solutions for your time-sensitive, high-value freight.

Andy Clarke
Chief Executive Officer

“Be nimble. The key to success is focusing on the customer and listening to the problems that they have and finding creative ways to solve them.”

Panther's dedication to customer service has earned us a primary position with the best companies in the world, big and small. We are leaders in the defense, pharmaceutical, energy, manufacturing, automotive, high-tech and 3PL sectors. When it comes to serving customers, Panther's mission is clear.

to give you piece of mind that your shipment is en route and on-time.

In addition to our dedicated fleet of unscheduled vehicles, Panther manages an unparalleled air and ground network, including partnerships with over 4,000 integrators, line-haul carriers, and cartage agents.

This network strength provides our customers with greater access and aggregate buying power to ensure that all shipments are made top priority. With Air Charter, NFO, Next Day, 2nd Day, and Deferred air freight services,

We deliver “On-Time, Every time, Anytime, Anywhere.”

Look to Panther to manage all of your premium freight needs.
