

Panther provides logistical support for some of the largest and most prestigious events in the world.

EVENTS AND ENTERTAINMENT SUPPORT.

Whether your event has a tight deadline, budgetary constraints, or special requirements, Panther will develop a solution that meets your needs. In addition, our world-class customer service has resulted in millions of dollars in cost-savings, industry leading service levels, and numerous awards.

Panther's shipping methods provide damage free delivery. All of our trucks are air-ride to minimize vibration and shock. We provide the pads and straps to secure the shipment. We also provide the dollies, pallet jacks, lift gates, ramps, and assist with loading and unloading at pick-up and delivery. We can even help with setup of sensitive equipment as needed.

Additional services for high-value freight include:

- Mode optimization for cost-effective solutions
- Security services and dual driver protection
- Shipment monitoring and asset tracking services
- Temperature-controlled equipment for sensitive instruments and freight that should not freeze or overheat
- Specialized care and handling

Recent Projects

- NFL Superbowl
- NBA Finals

- Annual Auto Show
- New Orleans Jazz Festival
- Blue Man Group
- Electronic Arts NFL 2009 Maddenpalooza

How Panther Helps

When a mainstream rock band needed transportation services for a North American tour, we dedicated trucks to support them for three months.

When the band needed a last-minute shipment of replacement parts for a stage show at a sold-out concert, we delivered ahead of schedule to ensure the show would go on.
