

ONE CALLSM SOLUTION

With no administration or transaction fees and a focus on continuous improvement, Panther can provide cost savings of 20-30% on shipping costs.

OUTSOURCED FREIGHT MANAGEMENT.

Panther's One Call Solution is an outsourced shipment and logistics management program. It frees customers from the business of transportation and provides them with lower costs and greater resources to devote to their primary businesses.

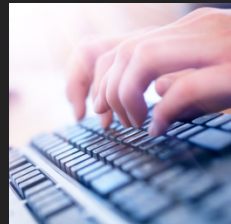

- Integrated ground, air, and ocean services — one-stop shopping and price comparison
- Rate and routing optimization options based on service, availability and type of freight
- Access to our carrier and agent network options, reduce turn-downs and keep costs low
- Mode agnostic and carrier neutral shipping
- Full shipment management services
- Constraint management — solutions to meet your compliance needs
- Aggregation or distribution
- Dedicated telephone and online services 24/7/365
- Dedicated customer care team and onsite booking support — a cross-departmental team dedicated to serving your specific needs
- Direct vendor and supplier billing
- Freight audit and bill payment services

Reporting

Our One Call Solution also includes custom reporting capabilities. Regardless of the data, format, distribution and frequency of your reports, we help you drive better transportation decisions.

Choose Panther

Choose Panther's One Call Solution today and get immediate access to the right process, the right assets, the right relationships and the right team. Trust Panther to deliver on time, every time, anytime, anywhere.

Technology

Our technology provides optimized pricing options based upon mode and route options, and shipping requirements.
